2017 Excellence in Journalism Award Criteria

- Cover all sides of the civil engineering issue fairly
- Accurately describe the civil engineering project or issue *(Entries should be fact-checked)*
- Effectively explain how the engineering project or outcome of an issue benefits the community or region
- Clearly describe the civil engineer’s role (e.g., How did engineers contribute to the project’s completion?)
- Advance public knowledge and understanding of civil engineers, our issues and profession and key legislation impacting infrastructure
- Include the most knowledgeable civil engineering experts
